Portfolio: sally-hamdy.github.io/SallyHamdy.github.io

PROFILE

Social Media Coordinator and Content Creator with 5+ years of experience growing brands across very different industries — bridal fashion, e-commerce, industrial packaging, and technology. I build creative strategies, produce engaging multimedia content, and create modern AI-generated videos that give brands a cutting-edge presence. Managed the channels of 7 brands, from strategy and content calendars to community engagement and analytics.

EXPERIENCE

Social Media Manager — LinSync Technologies

2025 – Present

Managing all media channels for a technology company — content strategy, publishing, brand voice, and AI-powered video content.

Social Media Manager — Dupack & Empack (Packaging Factories, UAE)

2024 – 2025

Managed the social channels of two packaging factories, building their B2B presence and producing AI-generated promotional videos of their products and facilities.

Social Media Coordinator (Freelance) — Bookbee

2024 – Present

Brand identity — logos, color schemes, typography — plus graphics for web, social media, and digital ads.

Content Creator (Freelance) — DropShippingScout

2023 – 2024

Developed visual concepts aligned with project goals; supervised the design process and managed timelines and budgets.

Social Media Coordinator — Tatweer Company

2022 – 2023

Responsible for all social media channels, including LinkedIn and Facebook.

Social Media Coordinator — TiaraBridal

2021 – 2023

Ran all social channels for a bridal fashion brand, growing engagement with on-trend content.

SKILLS

- Social media strategy & management (Instagram, Facebook, LinkedIn, TikTok)
- Content creation — graphics, copywriting, multimedia campaigns
- AI video production & editing with the latest AI tools
- Brand identity design — logos, color schemes, typography
- Web design — clean, modern, responsive
- Analytics, trends & community engagement

EDUCATION

Bachelor of Science — Cairo University

2018 – 2022

Foundation in digital communication, media production, and data analysis, with focus on content strategy, visual storytelling, and audience engagement.
